

WELCOME TO THE MONTANA HEALTH CENTERS

CareHere's health & wellness centers offer acute care, chronic disease management, and wellness, as part of a robust primary care offering. In this setting, our clinicians can typically provide 80 - 85% of all care that a given patient may need. For the services that we are unable to offer at the Montana Health Centers, patients will be referred to specialty providers within the area and respective health plan. Access to the Montana Health Centers is provided to members covered under the health plans of the State of Montana (SOM), Montana Municipal Interlocal Authority (MMIA), Montana Unified School Trust (MUST), and Montana University System (MUS)*. Members covered under these employer sponsored health plans may include employees, spouses, non-Medicare eligible retirees, and dependents (typically 2 years and older).

*MUS Plan members may utilize the Helena Health Center only.

BENEFITS

Lower Healthcare Costs - No deductible & no co-pays* results in \$0 Patient Out-of-Pocket Costs!

*Members covered under an HSA plan may have to pay a copay for non-routine services.

More One-on-One Time with the Provider - Short or no wait & minimum 20 minute appointments.

Privacy & Security - CareHere won't share your records with your employer or anyone else without your direction. CareHere enforces the highest industry standard for record and data security.

On-going Support - Telephonic Health Coaching, Online Wellness Portal, and 24/7 Nurse Advice Line through CareHere Connect 2.0. Log in to your CareHere account at CareHere.com, click CareHere 2.0 from the left navigation bar.
